

## Our Boats Are On The Way

No, I don't want to wave a goodbye  
I don't want to let you go  
And if you want to meet us out there  
We'd come by and say hello

We don't need no pay  
Cause all we need is dance and drink and play

Our boats are on the way  
We'll be there in a year  
And be dancing on the waves  
Our boats are on the way

I'm sure you made some friends there  
Invite them to our show  
And tell them to be patient  
Or boats are moving slow

We'd better get on board now  
Cause where you are is really far away

Our boats are on the way  
We'll be there in a year  
And be dancing on the waves  
Our boats are on the way
