

Sickurity

Put on your swim suits
Hello
Don't want no lawsuits
No no
Life jackets to blow
But if we go down
We'll go down slow

We're safer than roalty
Sickurity is what we're dying for

It's like a limbo
You know
Where simple minds go
We go
You better keep the rules here
We better keep it clean
God save us
And kick the queen

Dug a hole and I fell into
