

I'm no Bear

Take my hand and guide me
Or you can take my feet
Shake my heart, don't beat it
Shake it till it bleeds

Now I could dare to be your lover
But I wouldn't bear to be the Bunny Bear

I'm no Bear

Bricks and stones don't hurt me
Throw me on the floor
Call me names or call me honey
But I wouldn't bear to be the Bunny Bear

Take me out for dinner
Take me out all night
And in the morning u can look at me in daylight

But I wouldn't bear to be the Bunny Bear
